

Poligon's Houston Half Hexagons (HHA) are four sided, amphitheater style shelters with truss-style ornamentation and a hip roof with a 5:12 pitch.

**Shown with optional ornamentation*

Primary Roof Options:

- Tongue-and-Groove
- Structural Insulated Panels
- Multi-Rib
- Standing Seam*

** 'Standing Seam Only' roof requires a custom frame.*

Secondary Roofing Options:

- Multi-Rib
- Standing Seam
- Asphalt Shingles
- Cedar Shingles (Hand Split or Milled)

Shelter Modifications:

Shelter can be modified by adding handrails, round columns, custom ornamentation, integrated benches, lightning protection, electrical cut-outs, or by an increase in UPB up to 11'.

Shelter Customizations:

Shelter can be customized by adding windscreens, walls, tile roof, special columns, an increase in UPB over 11', or by requesting a 'Standing Seam Only' roof. For structures with a standard UPB of 9'-0", addition of ornamentation increases UPB to 9'-10".

Size 'A' (Width)	16'	20'	24'	28'	32'
Size 'B' (Depth)	7'	9'	11'	13'	14'
